2026 MAZDA CX-5

VEHICLE HIGHLIGHTS

The All-New Mazda CX-5 isn't just a new SUV; it's Mazda's next-generation standard, and a strategic cornerstone for the Canadian market. Designed to meet the evolving needs of drivers across the country, it blends emotional appeal with everyday practicality, making it a perfect fit for families, commuters, and adventure-seekers alike. With its refined Kodo design, intuitive driving feel, and thoughtful interior layout, the CX-5 delivers comfort, confidence, and a sense of joy in daily life.

It's built to support the rhythm of Canadian living, from school runs and weekend escapes to snowy drives and urban errands. The cabin is spacious and quiet, with wide door openings, rear-seat comfort, and a panoramic sunroof that brings light and openness to every journey. Advanced safety features and Google-built-in technology offer peace of mind and seamless connectivity, while the versatile cargo space adapts to everything from hockey gear to camping essentials. The CX-5 isn't just ready for today, it's designed to evolve with its owners, offering long-term value and emotional connection that will keep customers coming back.

EXTERIOR DESIGN

The All-New 2026 Mazda CX-5 is crafted to be the ultimate urban SUV, sporty, versatile, and effortlessly confident. Its bold design and thoughtful functionality empower owners to embrace everyday adventures and pursue the experiences they've always dreamed of, with a vehicle that feels ready for anything. To enhance both comfort and functionality, the All-New CX-5 has been enlarged overall, while carefully preserving its original proportions and maintaining a silhouette that remains instantly recognizable to current CX-5 owners; a body form that emphasizes the stance of the four tires.

2026 MAZDA CX-5

VEHICLE HIGHLIGHTS

The All-New CX-5 features a bold, confident stance that conveys strength and reliability, anchored by a powerful sense of stability at all four wheels. While its surface may appear simple at first glance, every contour is meticulously sculpted to interact with light, shadow, and the surrounding environment in a way that's unmistakably Mazda. The result is a dynamic play of reflections that brings the vehicle to life, captivating its owner and elevating their mood each time they approach it.

A commanding front end design that is thicker at the top and bottom

By raising the height of the hood tip by approximately 50 mm, the All-New 2026 Mazda CX-5 achieves a bolder front-end design, with a stronger visual sense of thickness and depth across both the upper and lower sections. This subtle adjustment enhances the vehicle's presence and reinforces its confident, athletic character.

A standout rear end featuring the new Mazda logo and wide-tread tires

The All-New CX-5 features a wider tread, achieved by positioning the wheels further outward from the body compared to the current model. This design enhancement strengthens the vehicle's stance, improves road grip, and reinforces its confident, athletic presence.

As a final touch, the All-New 2026 Mazda CX-5 features Mazda's newly redesigned logo in place of the current brand symbol. Its wider, more modern styling not only signals a bold step forward for the brand, but also enhances the visual stability and commanding presence of the rear-end design.

2026 MAZDA CX-5

VEHICLE HIGHLIGHTS

EXTERIOR COLOUR

Navy Blue Mica is a newly developed exterior color that evolves our existing Deep Crystal Blue Mica. Designed to deliver a sharper, more vibrant impression, it offers greater clarity and depth. The finish incorporates highly refined metallic flakes that emphasize the vehicle's unified form and catch the eye with striking blue highlights.

INTERIOR DESIGN

Cockpit

The 2026 Mazda CX-5 is designed to be the car that provides everyone on-board with a comfortable travel space and supports a wide variety of lifestyles through excellent usability. An easy-to-use interior space designed with the user in mind. A stress-free and comfortable cockpit that supports drivers to Celebrate Driving in the way they only can in a Mazda.

The cockpit layout of the All-New CX-5 is carefully centered around the driver, creating a focused and intuitive environment that delivers a driving experience distinctly true to Mazda's philosophy.

A Clean, Calm Cabin That Feels More Spacious

The redesigned interior offers a clean, calming space with a noticeable step up in sophistication. A longer, more supportive center armrest aligns with the door trim to create a sense of symmetry and comfort, while the tan interior palette adds warmth and elegance. Thoughtful updates throughout — from simplified surfaces to refined materials — give the cabin a premium feel and mark a clear departure from the previous model's design.

2026 MAZDA CX-5

VEHICLE HIGHLIGHTS

Roominess

A large panoramic sunroof that adds a feeling of openness and airiness to the cabin and ambient lighting that sets the mood.

Spacious rear seats so passengers can relax and enjoy the ride.

Even large child restraints can be easily installed by individuals of varying physiques, without the need to slide or fold the front seat, making everyday use more convenient and inclusive for all types of users.

The cargo space in the All-New CX-5 has been thoughtfully expanded to create a more expansive and versatile floor area, providing owners with even more ways to utilize their vehicle. Whether for weekend leisure activities or daily errands, the design ensures easy loading and unloading, making the CX-5 a practical companion for a wide range of lifestyles and situations.

2026 MAZDA CX-5

VEHICLE HIGHLIGHTS

TECHNOLOGY

Mazda continues to evolve its approach to technology and safety with the All-New CX-5, reflecting a deeper commitment to intuitive design and driver confidence. Every detail has been considered to support a seamless, reassuring experience behind the wheel—one that adapts to the changing needs of modern life while staying true to Mazda’s human-centric philosophy. The result is a vehicle that feels both familiar and forward-thinking, offering owners peace of mind and a sense of control in every journey.

HMI (Human Machine Interface)

With the same focus on safe and stress-free driving as with previous models, the All-New 2026 CX-5 takes Mazda human-centric design philosophy even further, aiming to offer a Human-Machine Interface (HMI) system that is even easier to use.

A large 15.6-inch² functional touchscreen center display that can be enjoyed by all occupants.

A simple and user-friendly cockpit with voice control and consolidated switches.

² Available on GT Premium, 12.9-inch for other trims

The updated HMI is both easier to use and closer to the Mazda ideal for in-control and stress-free operation while driving.

2026 MAZDA CX-5

VEHICLE HIGHLIGHTS

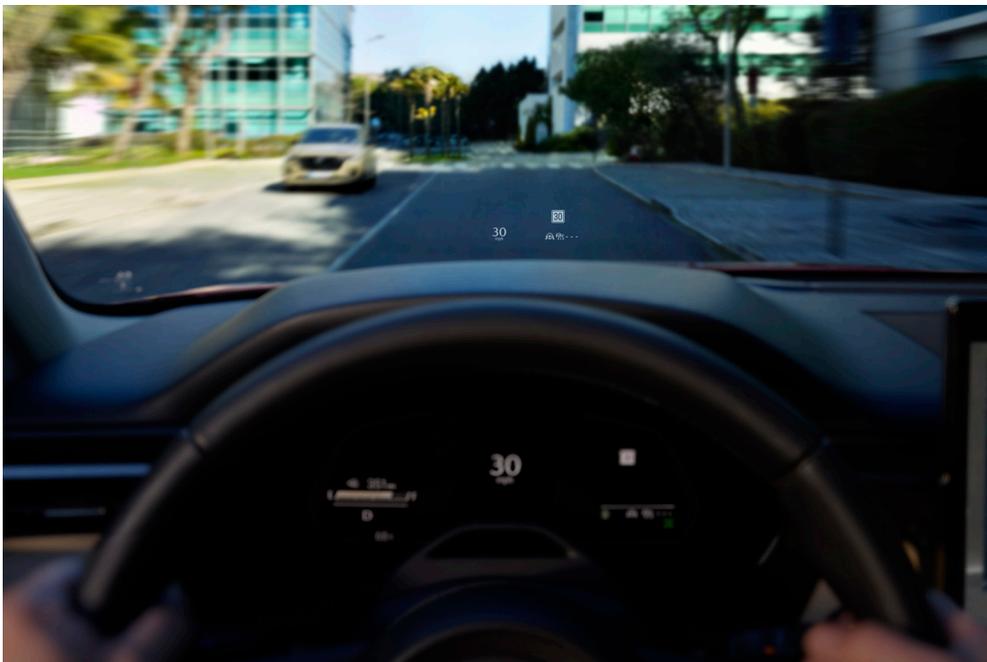

Full LCD instrument cluster tailored for visibility (Standard equipment)

The instrument cluster has been upgraded to a 10.25-inch full LCD display, enhancing visibility and delivering a more refined user experience. Its graphical interface is intuitive and responsive, while the uniquely shaped housing is designed to integrate seamlessly behind the steering wheel, reinforcing Mazda's commitment to driver-focused design.

Large Active Driving Display (ADD) that is easier to see and understand (some models)

The Active Driving Display in the All-New 2026 Mazda CX-5 has been significantly enlarged, offering a broader field of view and improved legibility. Similar to the advanced systems found in the CX-90 and CX-70, this display projects essential driving information directly into the driver's line of sight, minimizing distraction and enhancing focus. Its generous size and refined positioning reinforce Mazda's commitment to a confident, driver-centric experience that feels both familiar and elevated.

2026 MAZDA CX-5

VEHICLE HIGHLIGHTS

Google built-in

The All-New CX-5 comes with Google built-in, elevating the in-cabin experience with seamless access to advanced digital functionality. Drivers can enjoy familiar Google apps and services, optimized specifically for automotive use, including Google Assistant, Google Maps for navigation, and a wide selection of downloadable apps on Google Play.

Google Assistant³:

With Google Assistant, you can get things done while keeping your eyes on the road and your hands on the wheel. Call or text friends, listen to music, set reminders, or even change the temperature in the car - just ask Google Assistant. *Google Gemini will be available in a future update. Features may differ depending on subscription, and results may vary. Some connected apps require setup. Compatibility and availability varies. 18+.*

³Internet connection and compatible operating system required. Availability may vary by device and language.

Google Maps: Navigation

The integration with Google Maps gives users access to real-time traffic information, automatic re-routing, and personalized recommendations.

Google Play Store: Search and download apps

With Google Play, access apps⁴ from Google and third parties that are optimized for the road.

⁴Functions that could cause inattentive driving, such as watching videos or playing games, are restricted while driving.

Google, Google Play, Google Maps and Gemini are trademarks of Google LLC.

2026 MAZDA CX-5

VEHICLE HIGHLIGHTS

Audio

The All-New CX-5 offers an audio experience designed to elevate every drive, whether through the calming clarity of Mazda Harmonic Acoustics or the immersive richness of the available Bose system. Thoughtful speaker placement and advanced tuning create a natural, high-quality sound environment that helps occupants relax and enjoy music just as the artist intended.

SiriusXM 360L

SiriusXM with 360L enhances the in-vehicle entertainment experience by combining satellite and streaming content into a single, intuitive platform. With over 425 channels, including exclusive artist-curated stations, and thousands of hours of on-demand shows and interviews, it offers unmatched variety and depth. Personalized recommendations and listener profiles make it easier to discover new favourites, while enhanced live sports coverage and voice search add convenience and control.

SAFETY

At Mazda, safety is engineered to work seamlessly with the driver, enhancing awareness, reducing stress, and supporting confident decision-making in real-world conditions. Every system, from hazard detection to collision mitigation, is designed to respond intuitively and consistently, helping drivers stay focused and in control. Whether it's assisting with lane changes, monitoring blind spots, or supporting safe braking in tight spaces, Mazda's technologies are tuned to feel natural and integrated. The result is a driving experience that's not only secure, but also calm and reassuring, allowing every occupant to enjoy the journey with greater peace of mind.

2026 MAZDA CX-5

VEHICLE HIGHLIGHTS

PRIVATE eCALL

With the new Private eCall feature, your Mazda is now equipped to provide you an additional safety net, if the situation arises.

In an inadvertent situation like an accident or driver impairment the vehicle automatically initiates a private eCall and connect the vehicle occupants to an emergency call centre that is specifically equipped to manage such situations. They will help customers get the required emergency services like fire, police, or an ambulance service. The Private eCall feature can also be initiated by manually pressing the SOS button in the vehicle.

Since Private eCall is a connected vehicle feature, it will be available on all compatible vehicle for a trial period of 1-year. After the 1-year trial period the customer must purchase a subscription to continue to use this feature.

STOLEN VEHICLE ASSISTANCE

Select Mazda vehicles are now equipped with the Stolen Vehicle Assistance function that can help authorities to track and retrieve the vehicle in the event of a vehicle theft. In the event of a theft, the customer can connect with a call centre and initiate a Stolen Vehicle tracking request. The call centre, after verifying the theft claim, will initiate tracking and share the vehicle location with the authorities periodically until the vehicle is retrieved.

This document provides a summary only. For full details on all features and safety systems—including operation, limitations, and proper use—please consult the Owner’s Manual.
