VEHICLE HIGHLIGHTS

PRIVATE eCALL

With the new Private eCall feature, your Mazda is now equipped to provide you an additional safety net, if the situation arises.

In an inadvertent situation like an accident or driver impairment the vehicle automatically initiates a private eCall and connect the vehicle occupants to an emergency call centre that is specifically equipped to manage such situations. They will help customers get the required emergency services like fire, police, or an ambulance service. The Private eCall feature can also be initiated by manually pressing the SOS button in the vehicle.

Since Private eCall is a connected vehicle feature, it will be available on all compatible vehicle for a trial period of 1-year. After the 1-year trial period the customer must purchase a subscription to continue to use this feature.

STOLEN VEHICLE ASSISTANCE

Select Mazda vehicles are now equipped with the Stolen Vehicle Assistance function that can help authorities to track and retrieve the vehicle in the event of a vehicle theft. In the event of a theft, the customer can connect with a call centre and initiate a Stolen Vehicle tracking request. The call centre, after verifying the theft claim, will initiate tracking and share the vehicle location with the authorities periodically until the vehicle is retrieved.

2026 MAZDA3

VEHICLE HIGHLIGHTS

MAZDA ONLINE NAVIGATION¹

Mazda Online Navigation gives access to more than 19 million point of interests (POIs). It also provides more optimized routes and traffic information on all major and non-major roads along with an on-demand map update.²

¹Requires MyMazda app enrollment. Mazda online navigation system requires Mazda connected services enrollment to perform over-the-air updates. For factory equipped Mazda online navigation, the SD card must be replaced after 3 years to continue to receive over-the-air software updates. Please read Owner's Manual for further information. ² Database update up to 4 times a year.

AMAZON ALEXA³

The in-car Alexa capability allows the user to control select vehicle functions using only voice commands. In addition to navigation functions, the user can now control air conditioning, defrosters, seat heating, ventilation functions etc.

³Requires MyMazda app enrollment and Amazon account. Please read Owner's Manual for further information
